North and Elsewhere

are Folk Alliance Australia's 2026 'Youth Artist of the Year'.

Raised on folk music and family harmonies, Hazel and Roanna Law merge storytelling traditions with honest, contemporary lyricism.

They explore humanity and connection with a grounded yet joyful presence that resonates with adults and children alike. Their live performances are characterised by sibling harmonies and their on-stage connection; to each other and to the audiences they sing for.

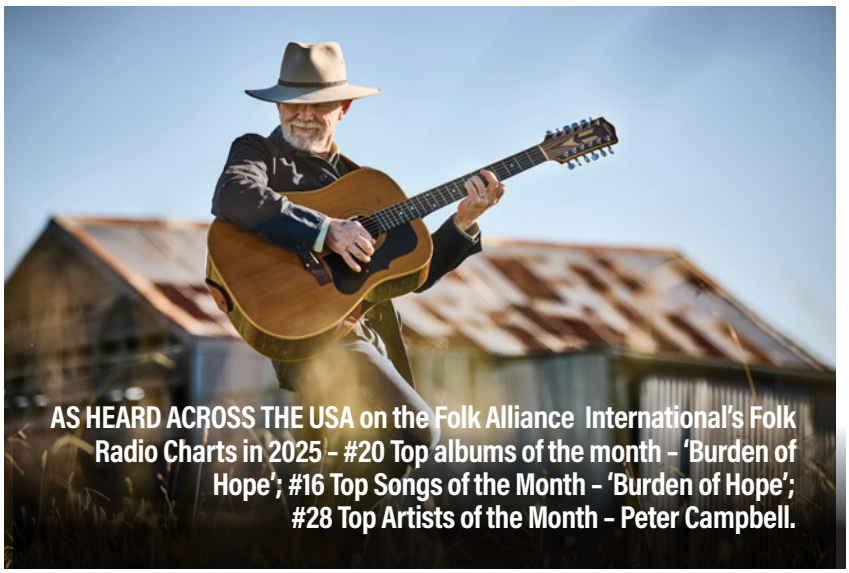

They have twice won their regional final of the ListenUp Music Songwriting Prize with two tracks from their debut album **SAFE HARBOUR,** which they are touring from Nov '26 to Feb '27, with shows across six states and territories including appearances at major folk festivals.

Peter Campbell

speaks to the heart of our times without flinching.

Poetic and powerful, Pete's music cuts through the noise in a timeless blend of infectious alt-folk and contemporary relevance in a call to action, connection and healing.

Released in 2025, his new fifth album, **BURDEN OF HOPE**, weaves through the landscape of our shared humanity, keeping unerring focus on compassion and love. Dynamic, hilarious, politically incisive, wistful, yearning and sometimes savage, it is a true reminder of music's ability to heal and inspire.
